1 Tax Treaties and Residence

1.1 How many income tax treaties are currently in force in your jurisdiction?

As an independent country, Kosovo has concluded seven new tax treaties. They were entered into with the Republic of Albania (2016), the Republic of Macedonia (2014), the Republic of Turkey (2016), Slovenia (2015), the Czech Republic (published in the Official Gazette on 27 March 2015), the United Kingdom (2016) and Hungary (2015). Kosovo has also acceded to other tax treaties on the avoidance of double taxation with respect to taxes on income and capital from the former Yugoslavia (with Germany, Belgium, the Netherlands and Finland, as well as with the Czech Republic for the avoidance of double taxation on inheritance tax).

1.2 Do they generally follow the OECD Model Convention or another model?

Kosovo tax treaties generally follow the OECD model.

1.3 Do treaties have to be incorporated into domestic law before they take effect?

The new tax treaties must be ratified by Parliament. A treaty ratified by Parliament becomes part of the Kosovo legal system after publication in the Official Gazette and prevails over any law which differs from the treaty's provisions.

1.4 Do they generally incorporate anti-treaty shopping rules (or "limitation on benefits" articles)?

The treaties do not incorporate anti-treaty shopping rules.

1.5 Are treaties overridden by any rules of domestic law (whether existing when the treaty takes effect or introduced subsequently)?

A treaty prevails over domestic law regardless of whether the domestic legislation existed previously or is introduced subsequently to it.

1.6 What is the test in domestic law for determining corporate residence?

The test of corporate residence is whether a company: (i) is established in Kosovo; or (ii) has its place of effective management in Kosovo.

2 Transaction Taxes

2.1 Are there any documentary taxes in your jurisdiction?

No, there are no documentary taxes in Kosovo.

2.2 Do you have Value Added Tax (or a similar tax)? If so, at what rate or rates?

Kosovo introduced VAT in 2001. A new Law "On VAT" entered into force on 1 September 2015. The standard rate of VAT is 18%; the reduced rate of VAT is 8%; and exports are zero-rated. The turnover threshold for registration purposes is set to EUR 30,000.

2.3 Is VAT (or any similar tax) charged on all transactions or are there any relevant exclusions?

The following activities are VAT-exempt:

- insurance and reinsurance transactions;
- financial services;
- the supply of postage stamps;
- the supply at face value of fiscal stamps and other similar stamps;
- betting, lotteries and other forms of gambling;
- the supply of land;
- the supply of houses, apartments or other accommodation used for residential purposes; and
- the leasing or letting of immovable property.

2.4 Is it always fully recoverable by all businesses? If not, what are the relevant restrictions?

Generally, taxpayers registered for VAT are entitled to recover the input VAT, provided that the VAT is charged in relation to their

taxable activity. When taxpayers perform both taxable and exempt supplies, VAT may be partially reclaimed. VAT cannot be reclaimed on certain recreation expenses and representation costs, and it is limited on expenses for passenger vehicles which are not used solely for business purposes.

2.5 Does your jurisdiction permit “establishment only” VAT grouping, such as that applied by Sweden in the *Skandia* case?

No, Kosovo does not permit “establishment only” VAT grouping.

2.6 Are there any other transaction taxes payable by companies?

There is an excise tax which applies to a limited number of goods such as coffee, tobacco, alcoholic drinks, soft drinks, derivatives of petroleum, and motor vehicles used mainly for the transport of passengers.

2.7 Are there any other indirect taxes of which we should be aware?

Except for VAT and excise, there are no other indirect taxes.

3 Cross-border Payments

3.1 Is any withholding tax imposed on dividends paid by a locally resident company to a non-resident?

No, there is no withholding tax on dividends distributed from a Kosovo-resident company.

3.2 Would there be any withholding tax on royalties paid by a local company to a non-resident?

Yes. There is a 10% withholding tax on royalties paid by a Kosovo company to a non-resident.

3.3 Would there be any withholding tax on interest paid by a local company to a non-resident?

Yes. There is a 10% withholding tax on interest paid by a Kosovo company to a non-resident.

3.4 Would relief for interest so paid be restricted by reference to “thin capitalisation” rules?

No, there are no “thin capitalisation” rules or any similar rules.

3.5 If so, is there a “safe harbour” by reference to which tax relief is assured?

No, there is no such provision.

3.6 Would any such rules extend to debt advanced by a third party but guaranteed by a parent company?

There are no “thin capitalisation” rules in place.

3.7 Are there any other restrictions on tax relief for interest payments by a local company to a non-resident?

No, there are not any other restrictions on tax relief for interest payments by a local company to a non-resident.

3.8 Is there any withholding tax on property rental payments made to non-residents?

Yes. There is a 9% withholding tax on property rental payments made to non-residents.

3.9 Does your jurisdiction have transfer pricing rules?

The Corporate Income Tax Law provides that the prices between related parties should be set at open market value. Such value should be determined under the uncontrolled price method, and when this is not possible, under the resale price method or the cost-plus method. Additional rules are provided for by an administrative instruction.

4 Tax on Business Operations: General

4.1 What is the headline rate of tax on corporate profits?

The Kosovo Corporate Income Tax Law provides for a rate of 10%.

4.2 Is the tax base accounting profit subject to adjustments, or something else?

The taxable base is calculated starting from the profit shown in the financial statements, and is adjusted in accordance with the limitations provided in the Corporate Income Tax Law.

4.3 If the tax base is accounting profit subject to adjustments, what are the main adjustments?

The Corporate Income Tax Law provides a list of expenses that are non-deductible for tax purposes, consisting of:

- fines, penalties and interest imposed by any public authority and expenses related to them;
- income tax paid or accrued for the current or previous tax period and any interest or late penalty incurred for its late payment;
- any loss from the sale or exchange of property between related persons;
- pension contributions above the maximum amount allowed by the Kosovo Pension Law;
- bad debts that do not meet the specified conditions;
- contributions made for humanitarian, health, education, religious, scientific, cultural, environmental protection and sports purposes, which exceed 5% of taxable income (before the deduction of such expenses);
- representation costs (these include publicity, advertising, entertainment and representation) which exceed 2% of the total gross income; and
- accrued expense for which the withholding tax should be paid, unless such expense is paid on or before 31 March of the subsequent tax period.

4.4 Are there any tax grouping rules? Do these allow for relief in your jurisdiction for losses of overseas subsidiaries?

No, there are no tax grouping rules.

4.5 Do tax losses survive a change of ownership?

As a general rule, the losses may be carried forward for 6 (six) years, but they do not survive a change of more than 50% in ownership or a change in the legal form of the entity.

4.6 Is tax imposed at a different rate upon distributed, as opposed to retained, profits?

No, there is no difference in this regard.

4.7 Are companies subject to any significant taxes not covered elsewhere in this chapter – e.g. tax on the occupation of property?

Yes, there is a property tax in Kosovo. All persons who own, use or occupy immovable property are subject to tax on real estate. The Municipal Assembly of each municipality sets the property tax rates on an annual basis at the rate of 0.15% to 1% of the market property value.

5 Capital Gains

5.1 Is there a special set of rules for taxing capital gains and losses?

The Corporate Income Tax Law indicates the rules applicable to capital gains. As a general rule, capital gains and losses are treated as ordinary income/losses from economic activity. Capital gains are not recognised for fixed assets which are depreciated in a pool and purchased prior to 1 January 2010.

6 Local Branch or Subsidiary?

6.1 What taxes (e.g. capital duty) would be imposed upon the formation of a subsidiary?

There are no taxes payable upon the formation of a subsidiary.

6.2 What is the difference, if any, between the taxation of a locally formed subsidiary and the branch of a non-resident company?

There is no difference between the taxation of a locally formed subsidiary and the branch of a non-resident company.

6.3 How would the taxable profits of a local branch be determined in its jurisdiction?

Branches are taxed only on the taxable income from a Kosovo source of income. The taxable income is determined in the same manner as for resident companies. Taxable income of branches is subject to Corporate Income Tax at the same rate of 10%.

6.4 Would such a branch be subject to a branch profits tax (or other tax limited to branches of non-resident companies)?

There is no branch profits tax.

8.3 Does your jurisdiction have a special tax regime for Real Estate Investment Trusts (REITs) or their equivalent?

No, Kosovo does not have any special regime for REITs.

9 Anti-avoidance

9.1 Does your jurisdiction have a general anti-avoidance or anti-abuse rule?

9.2 Is there a requirement to make special disclosure of avoidance schemes?
