

BOGA & ASSOCIATES

Press Release

We are proud to announce that for the fifth consecutive year, Chambers & Partners, a company specialized in publishing research-based guides to the legal profession recognizes **Boga & Associates as one of leading firms** in all practice areas of the ranking for Albania, more specifically in the field of Corporate/Commercial, Dispute Resolution, Intellectual Property, Projects and Real Estate.

The results of the ranking were published at the Chambers Europe 2011 edition, “Leading Lawyers for Business”, available also under the web address www.chambersandpartners.com.

In the corporate and commercial practice area, Boga & Associates is praised as enjoying “*an excellent reputation, thanks to firm’s high-caliber expertise*”. Market sources highlight **Genc Boga’s** long standing reputation, saying: “*The whole firm is built around him*”.

This edition of “Leading Lawyers for Business” underlines the firm’s excellent reputation for real estate work, with a strong track record of major assignments for large local and international clients. While the dispute resolution team is recognized as active in several areas, most notably real estate and tax, the solid experience handling complex real estate related litigation leads commentators of this edition to praise Boga & Associates as talented in drafting watertight deals and contracts for clients.

In the field of IP, the firm is well known for the wide range of IP matters it covers such as trade mark registration, unfair imports issues and IP-related litigation. **Renata Leka**, authorized trademark attorney is cited as an experienced trade mark litigator.

As for the projects, this edition continues to recognize that the firm is well placed to handle large-scale projects, especially energy related matters. Particularly noteworthy is the team's work in Kosovo, where it assisted with the acquisition of a power production unit for a foreign company. The projects team has also acted for banks on projects financing relating to emerging economies and markets especially in Kosovo where **Sokol Elmazaj** is singled out for the “*exceptional quality of services*”. **Genc Boga** is a long-standing and highly regarded figure on the market. **Silva Velaj** brings her experience of the banking sector to project finance, and **Alketa Uruçi** wins high praise from clients for her “*business-focused approach*”.
